## INFIELD CONDITIONERS

### Louisville Slugger® Game Time Red™

Louisville Slugger® Game Time Red™ calcined clay/conditioner product is a 100% natural earth. It is dark red in color, and no dye is added. This product provides high absorption capabilities, which translates to improved moisture management.  
Product Code MMRB1

### Louisville Slugger® Game Time Everyday™

Louisville Slugger® Game Time Everyday™ calcined clay/conditioner product is used on the skinned areas of baseball and softball fields to improve drainage. The larger product size increases the durability of the product. It will not stick to cleats and is easily incorporated into the infield.  
Product Code MM5T6

### Louisville Slugger® Game Time Pro™

Louisville Slugger® Game Time Pro™ Infield calcined clay/conditioner is a specialty product made with the professional in mind. It's clean, consistent gradation makes the perfect choice for professionals kinned surfaces.  
Product Code MM8T6

### Louisville Slugger® Game Time H2O B-Gone™

Louisville Slugger® Game Time H2O B-Gone™ is a calcined clay/conditioner product used to quickly dry puddles and muddy conditions. The finer gradation has more surface areas to dry the field faster, reducing rain delays. It will not stick to cleats and is easily incorporated into the infield.  
Product Code MMSD
